

GREEN OPTIONS FOR FUNERAL PLANNING

Unitarian Universalist Congregation at Willamette Falls

⇒Sunday January 19th, 2025 12 Noon←

Across the street from the Pioneer Center and the Oregon City Library

For more information, please phone: 503-655-7296

Join us in the Sanctuary after the service for a presentation and Q & A updating us about sustainable burial, cremation, and natural organic reduction practices in the state of Oregon. The ELM group (End of Life Matters) is pleased to present Green Options for Funeral Planning with funeral director, author, and green burial expert, **Elizabeth Fournier**, AKA the Green Reaper for a discussion about all things related to end-of-life options that are gentler to our environment.

Elizabeth is the funeral director of Cornerstone Funeral Services in Boring, Oregon and the author of The Green Burial Guidebook and The Green Reaper: Memoirs of an Eco-Mortician. She is a widely sought after speaker and eco-educator.

Feel free to bring a brown bag lunch, if you would like. Light refreshments will be provided. Donations gladly accepted.
